GARLAND B. GARZETT JR.
SECRETARY

MEMORANDUM TO: Project Engineers
Project Design Engineers

FROM: W. J. Rogers, P. E.
State Bridge Design Engineer

DATE: July 2, 1997

SUBJECT: METALLIZATION OF STEEL PARTS

The Materials and Test Units has recommended a minimum thickness of 6 mils (0.150 mm) for all exposed metallized surfaces.

The standard drawings for Armored Evazote Joints, Expansion Joint Seals, Modular Expansion Joint Seals and Strip Seal Expansion Joints have been revised and are available in the standard directories or Structure Design Homepage.

The Design Manual and Project Special Provisions will be updated at a later date.

This policy is effective with the November letting.
